Comments:

The final checks for allowance identified art that reads on the claims. However, there does appear to be a further amendment that would permit immediate allowance.

The prior art is Boyd, US006484148B1. See especially col. 9 lines 21-23.

I believe that Boyd can be overcome and the application allowed by introducing a limitation to two-way communication. I propose in particular the amendment of independent claims 1, 9 and 18 on the following three sheets. I would of course be pleased to make these changes by examiner's amendment.

This case was reviewed at an allowance conference today. I would like to re-convene the conference for final review next Wednesday. In order to do so I need applicant's approval of this proposal or an acceptable alternative amendment no later than your close of business Monday, 25 September 2006.

Please feel free to call me (571-272-6717) if I can be of further help.
